Packing List

Please find the packing list for our *Northwest Explorer* (NWX) trip below. As always, be in touch with any questions about the items on this list, where to find them, or packing questions.

Hiking Essentials

- ❑ **Sturdy, well-broken-in* hiking boots** (*medium weight with good ankle support - all-leather uppers or a supportive synthetic exterior that are appropriate for one week of backpacking on moderate to steep terrain*). **The importance of breaking in your boots ahead of time cannot be overstated – your trip could be cut short by bad blisters!*
- ❑ **Backpack** (*internal frame backpacks should be 65-80 liters / 4000-5000 cubic inches – **65 liters is the absolute minimum size** – and suitable for 5-6 days of backpacking. Please make sure to have the pack adjusted to fit you! Osprey and Gregory are recommended brands.*)
- ❑ **Medium to large duffel bag** (*soft-sided, 90-120 liters that will act as a storage locker*)
- ❑ **Safety whistle with lanyard** (*to wear around the neck*) - *The whistle that is connected to many backpacks sternum strap is not sufficient – you must have a separate whistle that can be carried with you at all times.*

- ❑ Amazon (www.amazon.com)
- ❑ Other local outdoor gear co-ops or second hand stores (e.g. Goodwill)

Just as important as what your child packs, we also want to specifically address items your child *should not* bring with them to their Apogee experience. **Please do not pack the following:**

- ❑ **Smart watches, Kindles, video games, or other electronic devices.** A cell phone is permitted for students traveling to the trip start by airplane, bus, or train but must be handed over to leaders upon arrival. If a student brings a cell phone, Apogee is not responsible for its damage or loss under any circumstances. *Please see our “Electronics and Personal Property Policy” document for more information.*
- ❑ **Bulky cotton items like sweatpants or denim clothing such as jeans.** They are heavy, take a long time to dry when wet, and can be dangerous in cold weather. Synthetic clothing is much more practical. It wicks moisture away in hot conditions and keeps you cool. In cold, wet conditions it will keep you dry and warm.
- ❑ **Knives or multi-tools of any kind.**
- ❑ **More than is suggested on the packing list.** Through years of experience, we feel confident that we recommend sufficient gear and clothing while minimizing unnecessary items. In general, students will have an opportunity to do laundry once per week while on trip.

Packing Instructions

Packing Instructions:

1. Please label everything with your child's name
2. Please pack your child's belongings (including their empty hiking backpack) into a large, soft-sided duffel. The trip leaders will oversee packing for each portion of the trip.
3. The majority of this trip is van-supported - meaning that students will be transported from point to point in a van. With the exception of the backpacking portion of the trip, your child will keep their day-to-day belongings in their duffel bag over the course of the trip. During the backcountry section, students will pack items into their hiking backpack (packing for the backcountry will be thoroughly explained by the leaders). Anything not necessary for the backcountry portion can be stored in duffels.
4. **If your child is flying:**
 - Please pack the day pack, detailed on the Packing List, with a change of clothes, any important medication, and a water bottle. The day pack will act as their primary carry-on item on the plane.
 - Students should carry-on their sleeping bag (as a personal item). We ask this so that your child has something to sleep in if their bag does not arrive on time.
 - Students should wear their hiking boots for plane travel.
 - Everything else should be in the duffel and the duffel should be checked.
